# CATS ARE FUNNY, PARASITES ARE NOT

As a cat owner, you know curious kitties love to play, hide and explore. But did you know common cat behaviours can put your cat at risk for parasites?

Your veterinary clinic has your pet's best interests at heart and they are ready to assist in protecting your pet from parasites, by recommending the highest quality treatments and preventives. That's why we are happy to offer **new BRAVECTO® PLUS\***.

**YOUR CAT'S  
VETERINARY TEAM RECOMMENDS  
LONG-LASTING,  
BROAD-SPECTRUM  
PARASITE CONTROL**

Fleas, ticks, roundworm and hookworm can cause serious **health problems** in cats.

Indoor cats can be exposed to these parasites, too.

## APPLYING **BRAVECTO® PLUS** AT HOME IS **EASY**

BRAVECTO® PLUS provides 3 months protection with one convenient, spot-on application. Treatment with BRAVECTO® PLUS may begin at any time of the year and can continue year-round without interruption.

It's important that you re-apply BRAVECTO® PLUS **every 3 months** without missing a dose so that your cat is properly protected. Application every 3 months, rather than monthly, may make it easier for you to avoid gaps in protection.<sup>1,2</sup>
